

Financing nutrition during and beyond COVID-19: implications for an African budget manager

Webinar: 9 July 2020

How can PFM systems support attainment of nutrition targets?

Translating political commitments into implementable nutrition projects

Budget formulation

Budget approval

Convincing parliamentarians of the importance of investing in nutrition

Budget execution

Delivering on the approved budget is subject to capacity and capability constraints

Accountability, monitoring and evaluation

Was nutrition spending undertaken equitably, efficiently and effectively within the accountability framework?
