Role of CABRI in Using Country Systems

Understand and develop the concept

- Using systems
- Strengthening systems
- Making public finances (and aid) work
- Boundaries for changes

Support to countries

- Supporting SBO capacity to:
 - Analyse the situation
 - Lead and engage in dialogues
 - Propose, negotiate and agree
 - Implement
- Feed into existing country level processes

Influencing the international debate

- What have we learned at a country and network level?
- When and where do we want the international community to apply pressure?
- Look beyond the international meetings and milestones
